300 Days Standby · Large Capacity Battery Life
HD Video Recording · AI Humanoid Detection

Lusano iRobot

MICROWAVE RADAR + AI HUMAN DETECTION

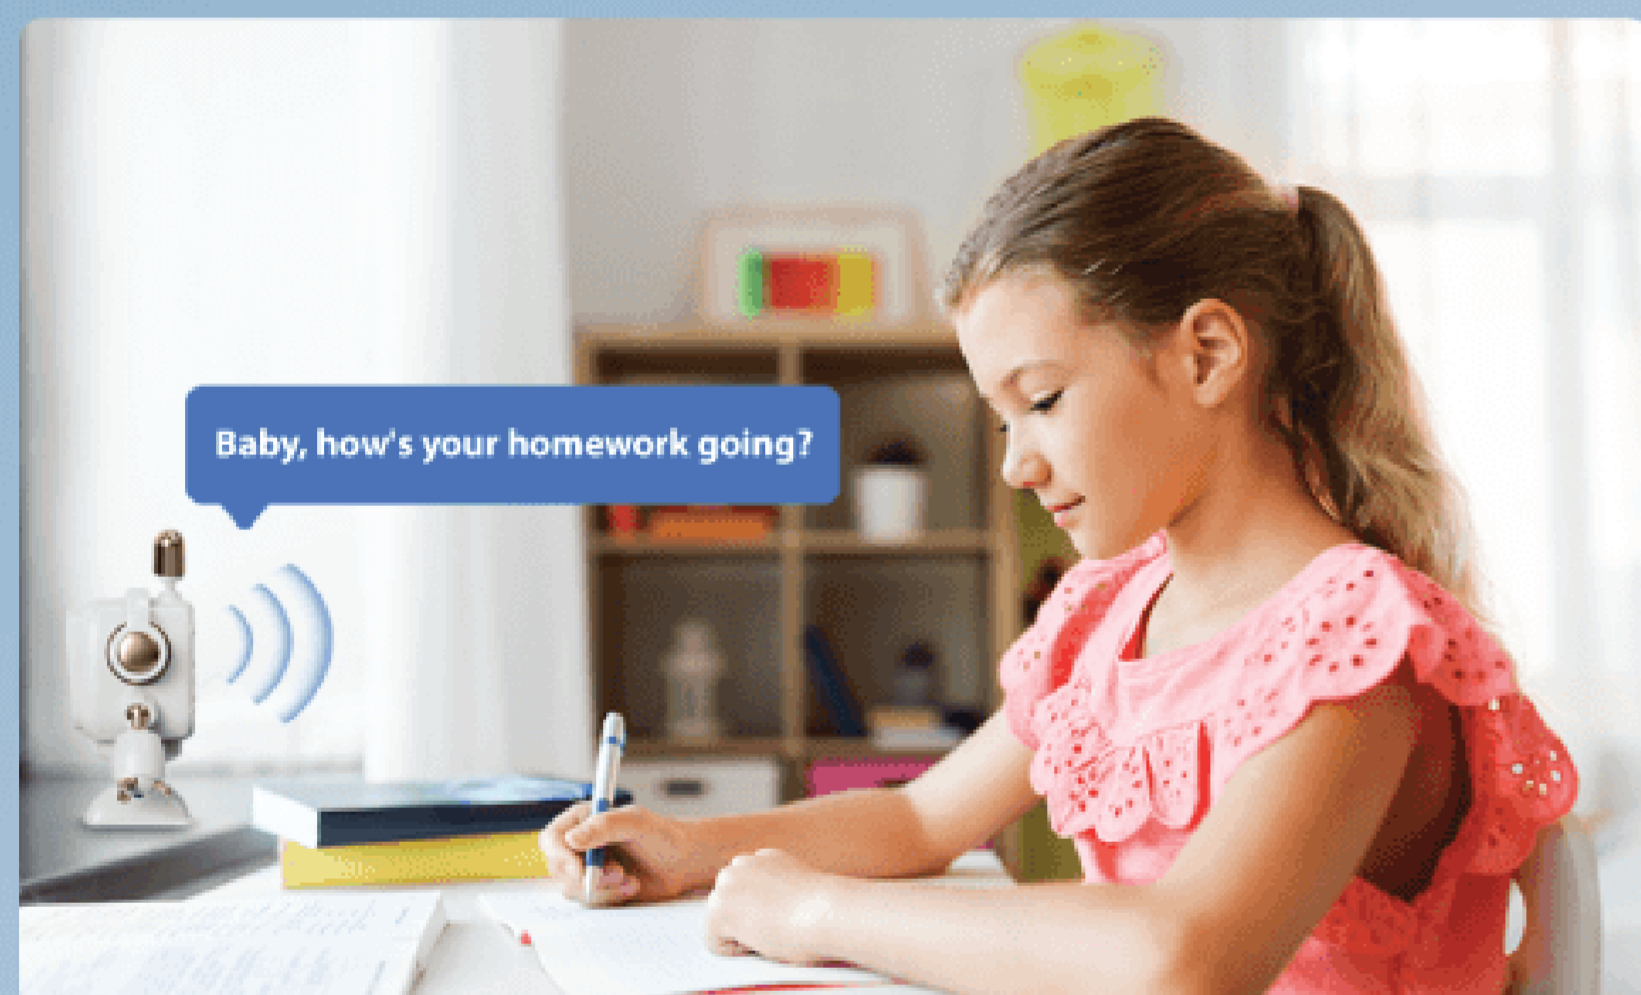

A new generation of dual algorithms combines radar sensing and AI human detection for precise tracking. No missed or false alerts. Real-time notifications and automatic recording keep you updated on everything happening at home – even when you're away.

Lusano iRobot

REMOTE TWO-WAY VOICE COMMUNICATION

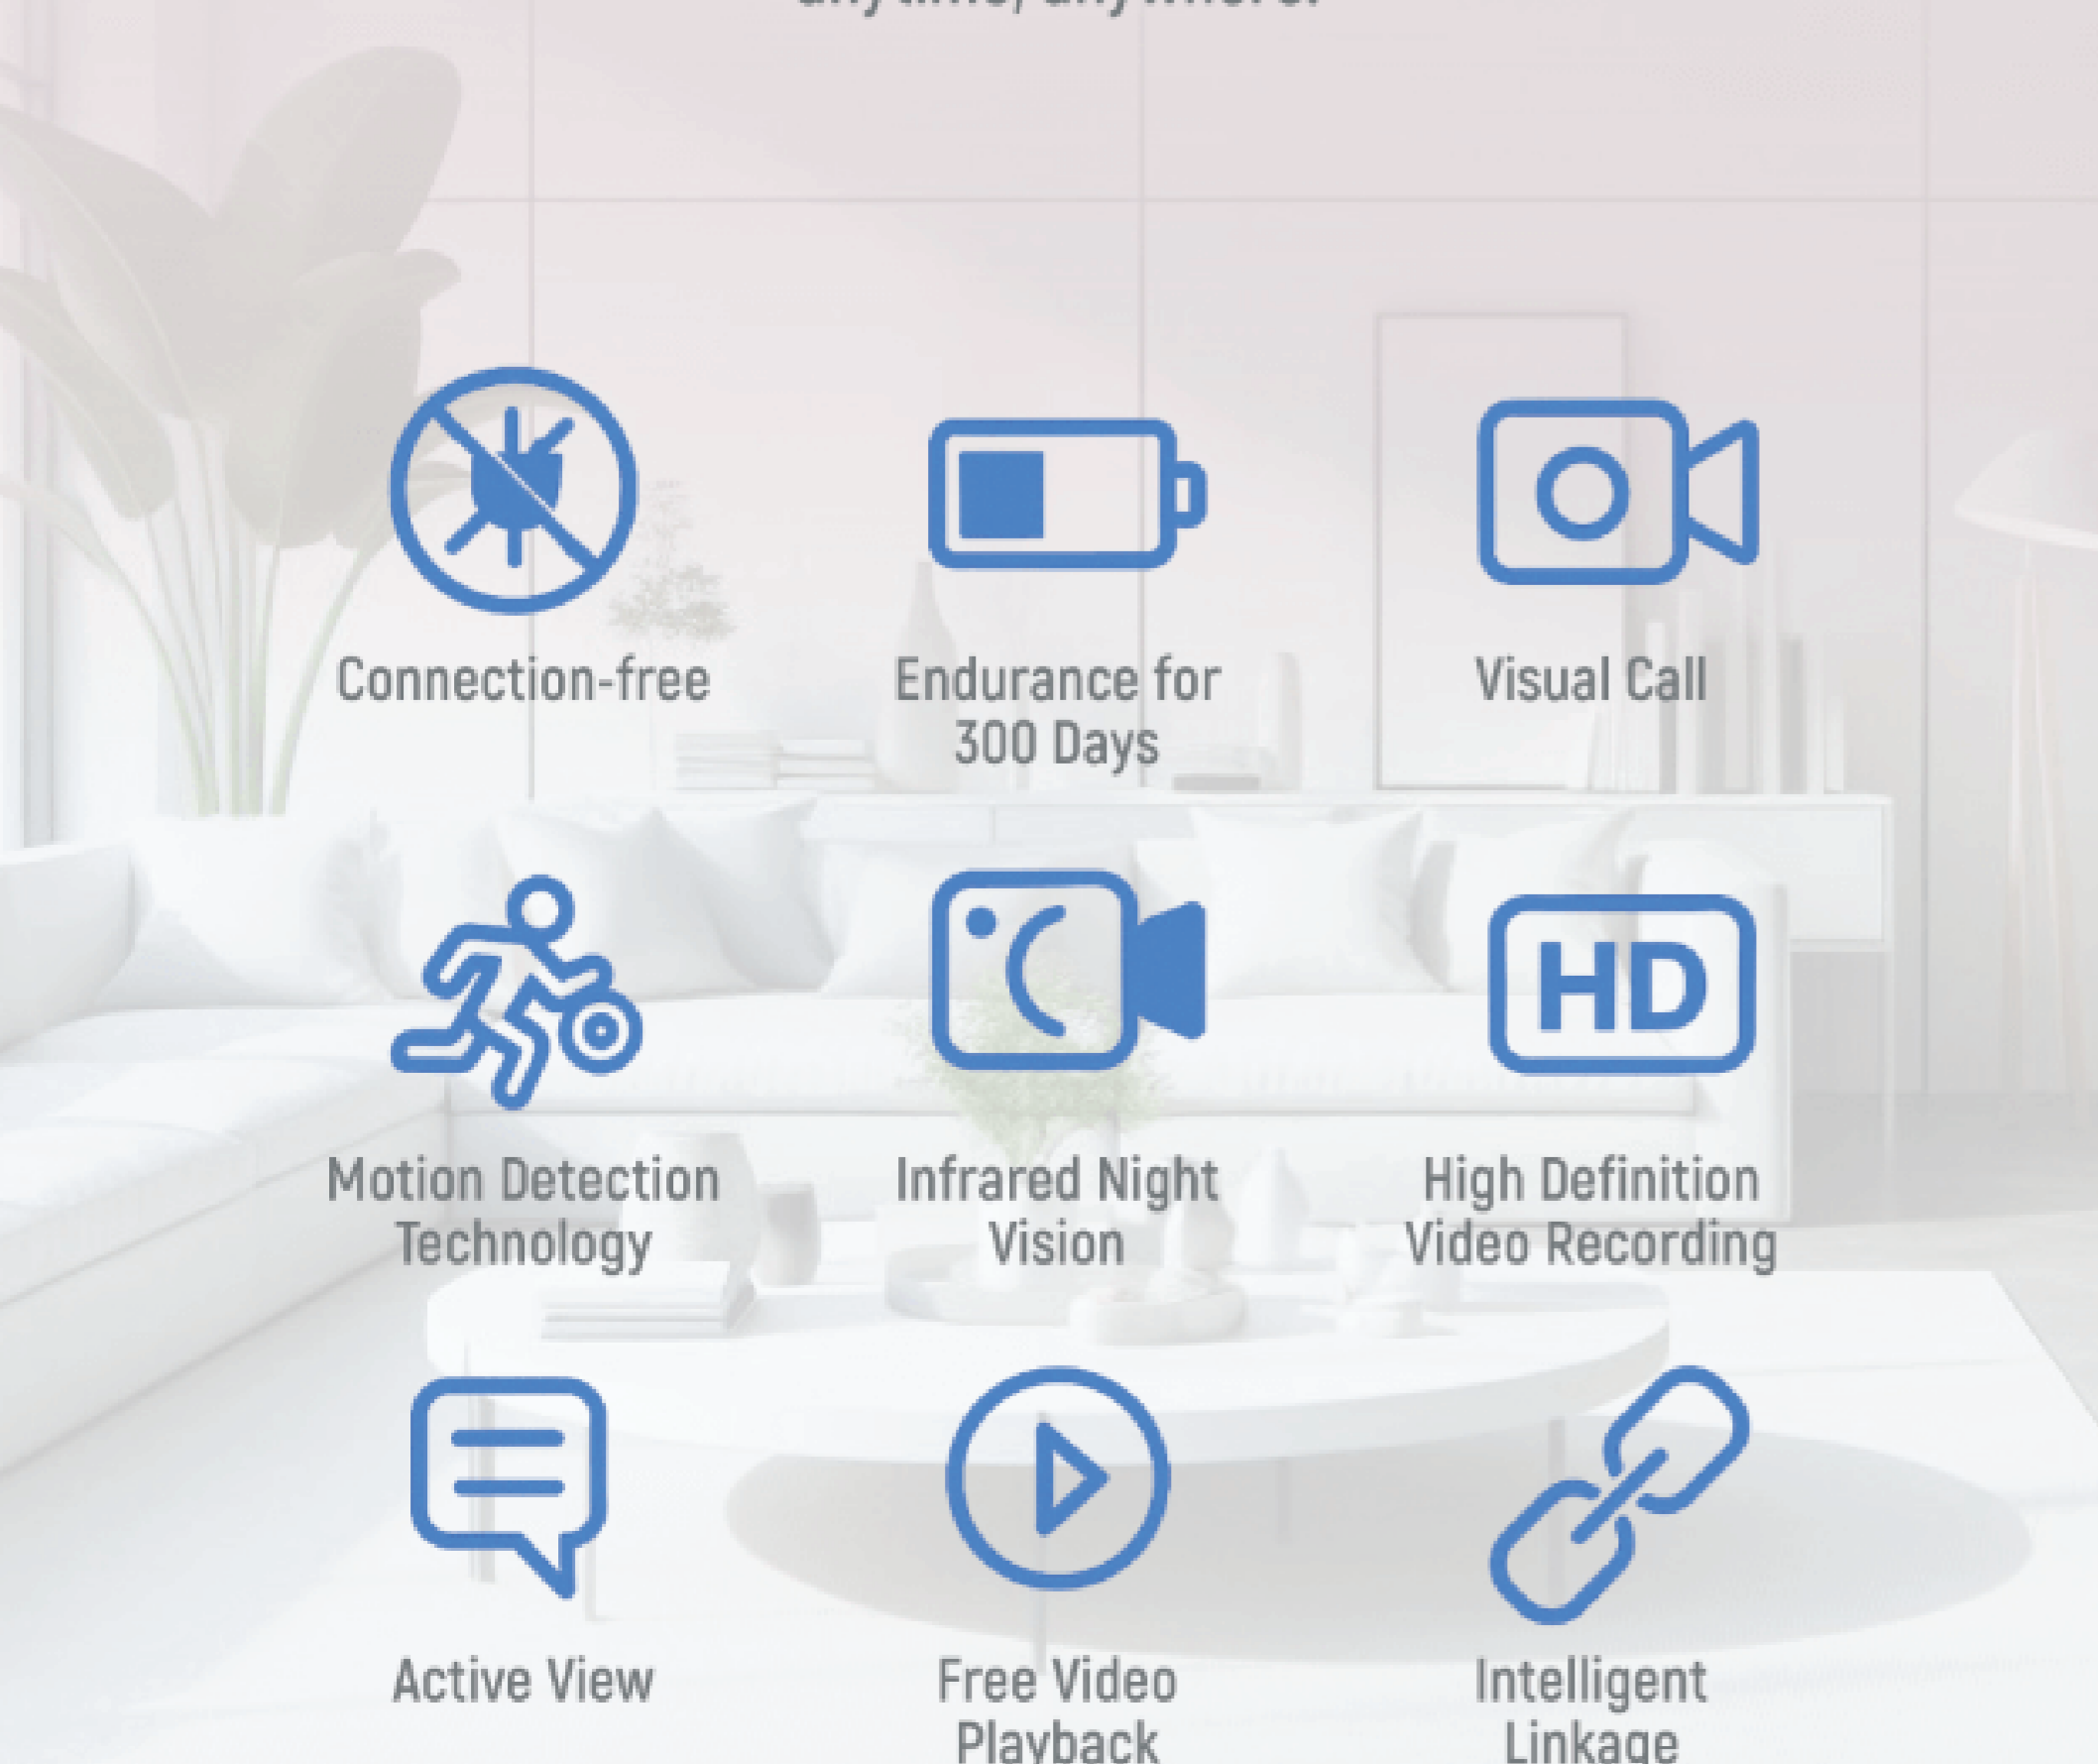

Built-in high-power speakers and high-fidelity microphones make real-time conversations easy – even more convenient than WeChat voice chats. Stay connected anytime, anywhere.

Lusano iRobot

SMART SECURITY, SIMPLIFIED

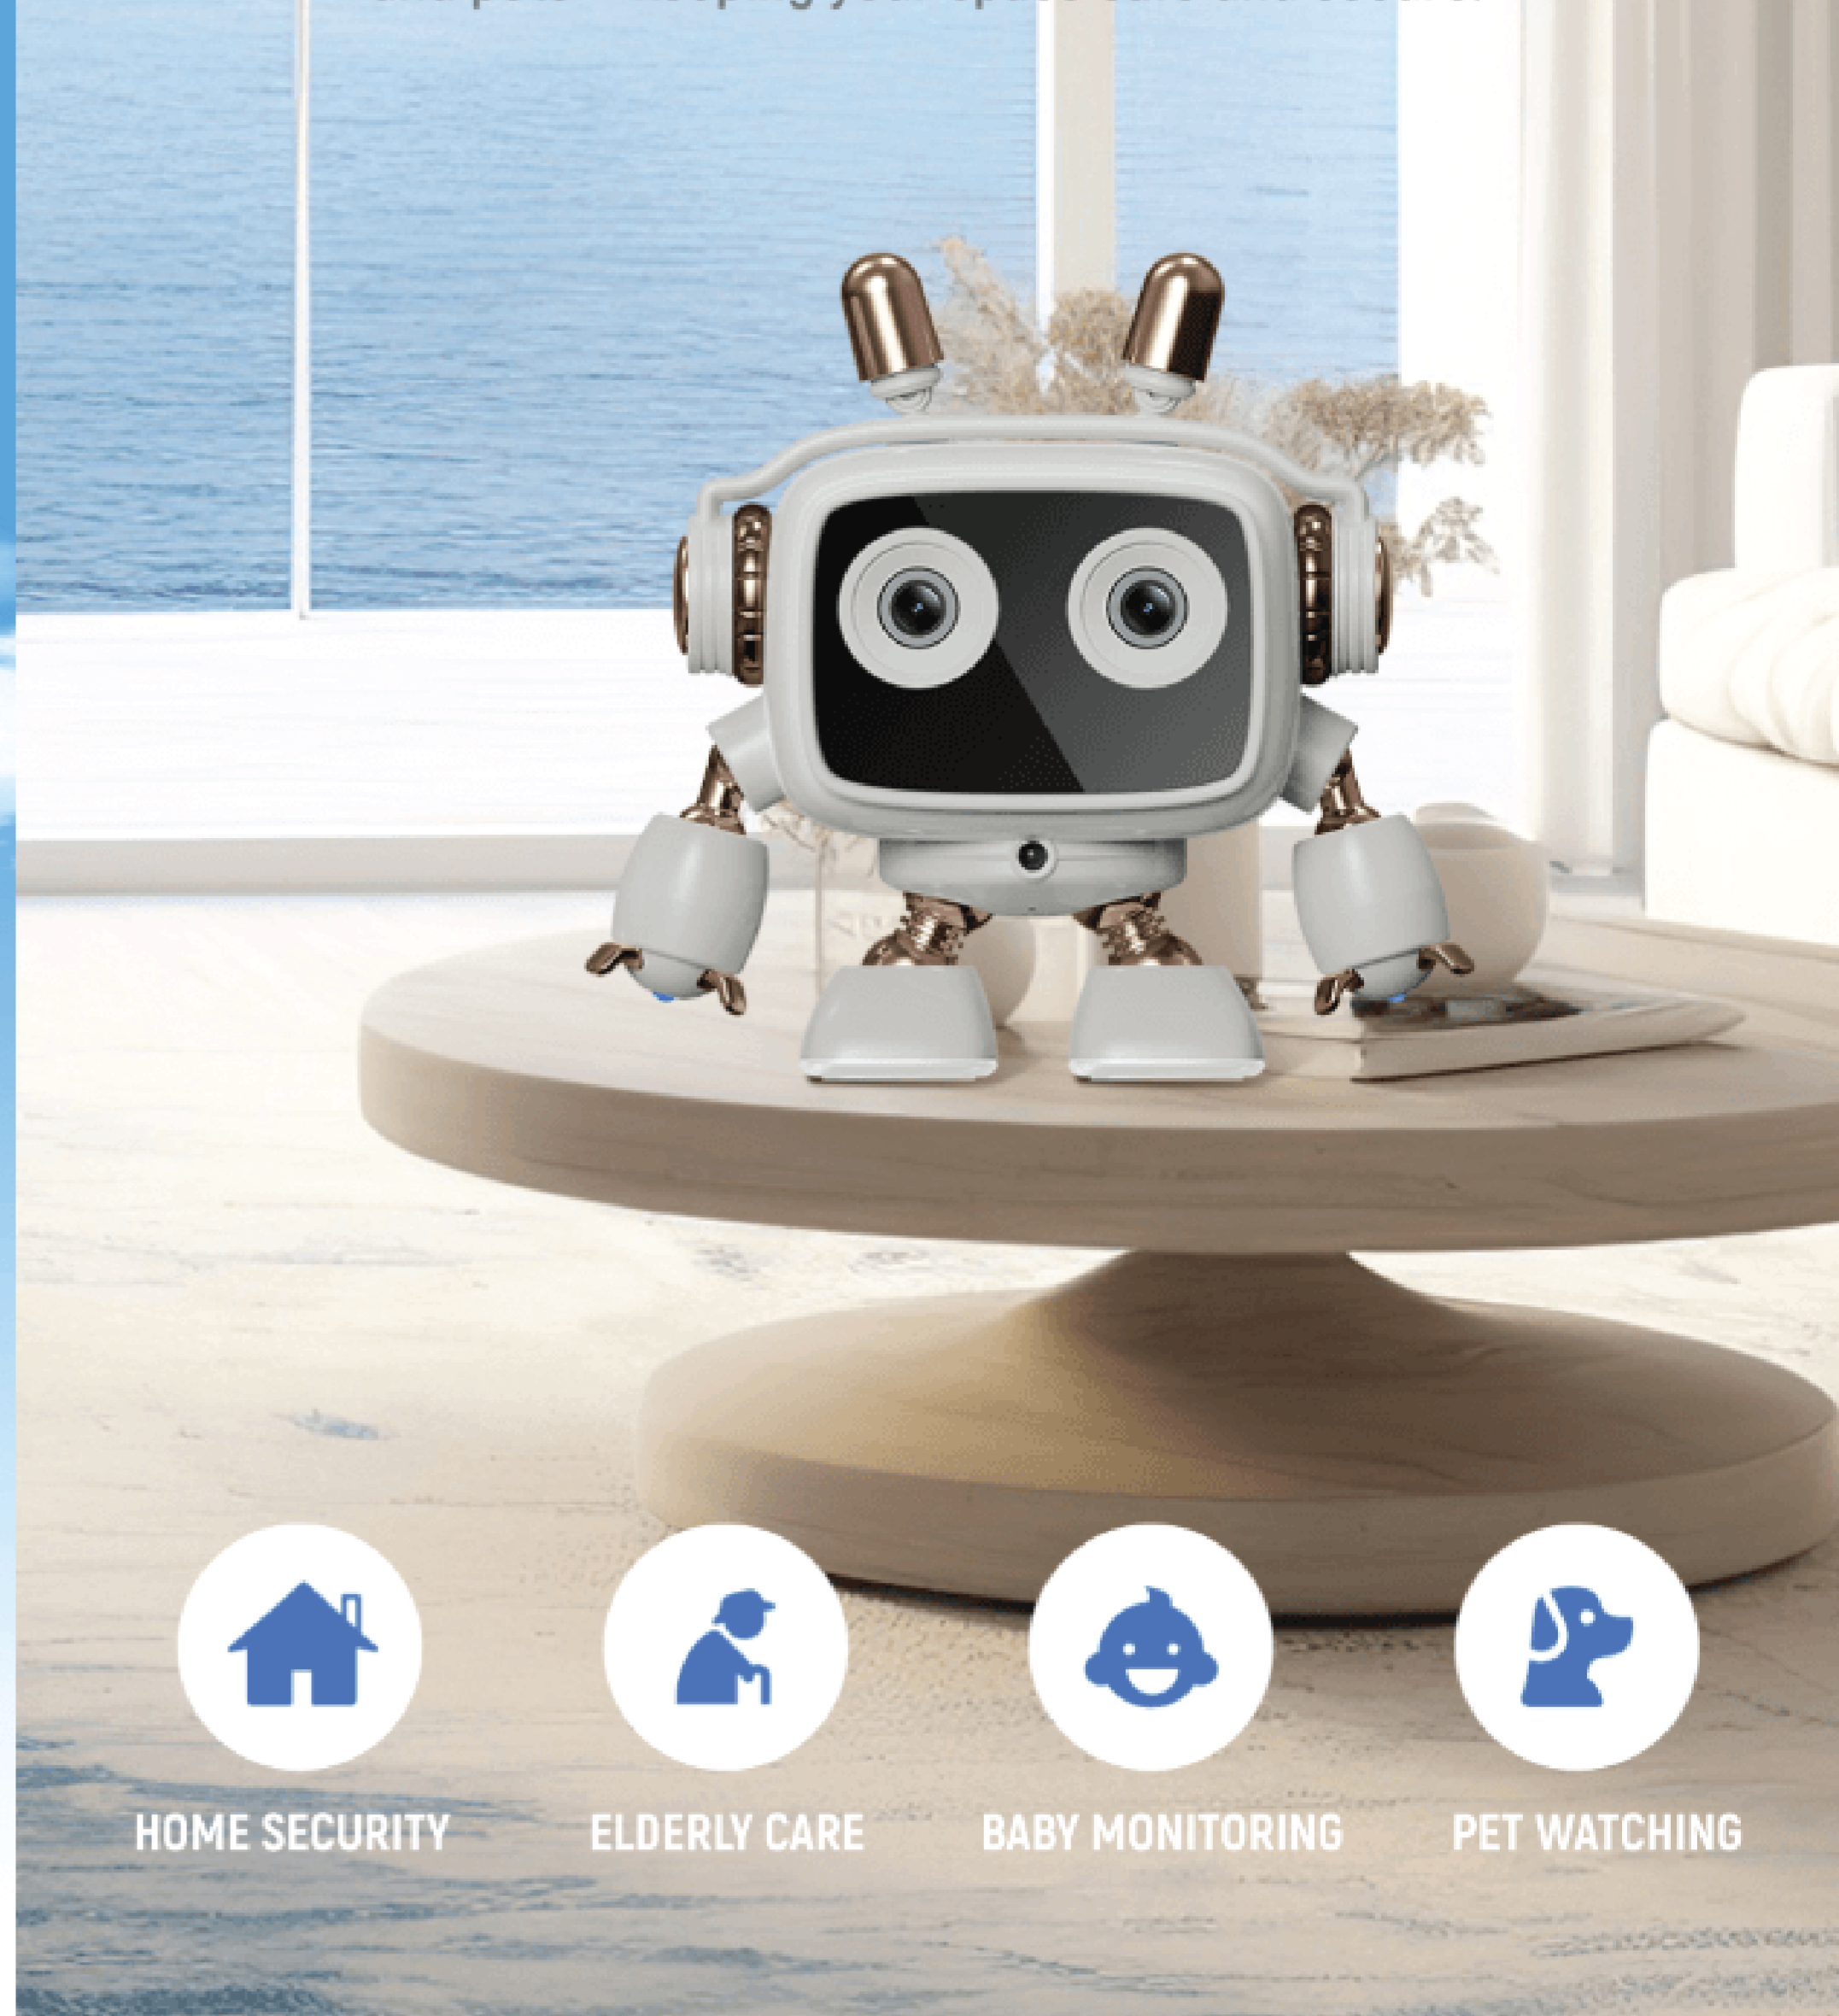

Experience worry-free protection with a fully wireless camera built for modern living. Enjoy 300-day battery life, crystal-clear HD video, infrared night vision, motion detection, two-way voice calls, and intelligent app integration – all designed to keep your home safe, anytime, anywhere.

Lusano iRobot

STYLISH DESIGN, RELIABLE PROTECTION

Blends seamlessly with your home décor, doubling as a charming ornament. Place it anywhere without disrupting your style. Perfect for monitoring your home, store, elderly family members, children, and pets – keeping your space safe and secure.

HOME SECURITY

ELDERLY CARE

PET WATCHING

Lusano iRobot

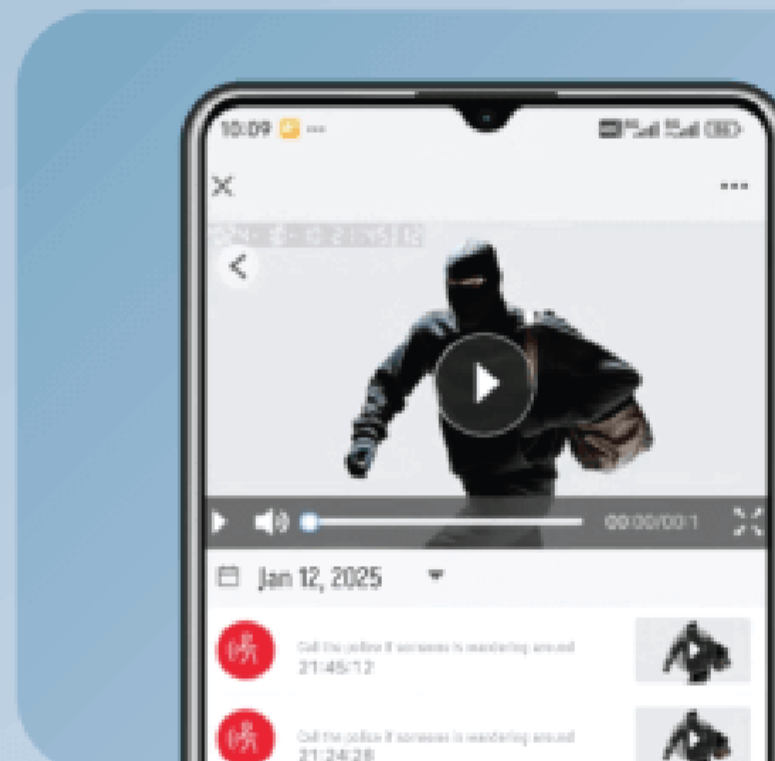

ENHANCED INFRARED NIGHT VISION

See clearly, even in the dark. Built-in infrared lights reduce noise and improve clarity, delivering sharp images even in low-light environments.

Enhanced infrared night vision

Standard infrared night vision

Automatically record and push notifications via mobile phone. Learn about the dynamics of your home anytime and anywhere.

Lusano iRobot

24-HOUR CONTINUOUS RECORDING

Never Miss a Moment! Once powered, 24-hour video recording starts automatically. Footage is saved to a memory card and can be easily replayed on a computer. Recording works even without an internet connection.

Lusano iRobot

ULTRA-LONG 300-DAY STANDBY TIME

With a 10,000mAh high-capacity battery, enjoy up to 300 days of battery life. High performance, low power consumption, and daily motion detection – works perfectly whether plugged in or not.

10000mAh Battery Capacity | 300 Days Battery Life
